April 2016

Dear Paul,

Once again, I would like to thank you for the absolutely brilliant job you have done in creating a new website for Bespoke. This time, you have had to create a new look from nothing as the brief I gave you was limited to say the least. Your patience in waiting for me to deliver content was outstanding and at no time did I feel pressured by you.

This will mark the third occasion you have completed a new website for us and delivered a superb result. I am delighted with the new website as it delivers a modern, professional look for our business.

Thank you, Paul, and I will continue to recommend your services to all my clients and colleagues.

Kind regards

Anne Messer FRSPH, FCMI
Managing Director
